

mycommish

Daily Tasks

A new daily follow-up queue for files enrolled exactly 3 or 10 days ago — with home phone, payment details, and Email / SMS / Call checklists.

August 2026 · Share with your team

NEW

Daily Tasks

From **My commissions** or **My files**, open **Daily Tasks**. You'll see today's due count, remaining, and completed — then a clean table for Day 3 and Day 10 follow-ups.

Who appears today: files enrolled **3** or **10** calendar days ago (US Pacific). If that day is a **weekend** or **US federal holiday**, the file rolls forward to the **next business day**. Dropped files are excluded.

How to use it

- 1 Sign in to **mycommish.app** and click **Daily Tasks**.
- 2 Switch between the **Day 3** and **Day 10** tabs.
- 3 Call the **Home phone** on each row (click the number).
- 4 Mark **Email**, **SMS**, and **Call** when each is done (all three required).

Columns on each file

- **Client** name + External ID (AMOD)
- **Home phone**
- **Enrolled debt** · **Enrolled date**
- **1st payment** (scheduled) · **1st cleared** (if they paid)
- **Pay freq** (Monthly, Bi-Weekly, etc.)
- **Status** — including *Pending Affiliate Cancellation* when applicable

Also worth knowing

Weekends & holidays

If day 3 or day 10 lands on Sat/Sun or a US federal holiday, the file shows on the next business day.

Pending cancellation

Still appears if not dropped yet. Status shows Pending Affiliate Cancellation so you can see risk early.

Checklist saved

Email / SMS / Call checks save to your login. Progress shows 0/3 → Done. Refresh keeps your marks.

Your book only

Scoped to your CRM Sales Rep alias(es). Ask an admin if names aren't mapped.

Unchanged: Commissions, tiers, and clawback math are the same. Daily Tasks is about follow-up visibility — not payout calculation. Questions? Ask your manager or admin. · mycommish.app
